Dear Ayelen Secches Blanco,

We are pleased to confirm your acceptance and an award of financial aid (if applicable) for the following program:

Program Name	Program Dates	Financial Aid
BMiR Late Fall	18/11/05 TO 18/12/14	\$2,684.00

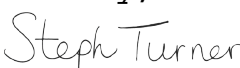

Please refer to your statement of account for arrival and departure dates, (normally one day before the start of your program and one day after your program ends), tuition, room type details and flex meal credits. Please note that no refunds are given for early departures or late arrivals, nor for unused meal credits. If your arrival or departure dates change, please advise us immediately.

You may have received financial aid from The Banff Centre towards the cost of your program. Alternatively, you may have benefited from subsidised program fees if you are registered in a Workshop or Self-Directed Residency. Financial aid is made possible through the generous donations of individuals, foundations, and corporations, and through revenues earned by The Banff Centre. The financial aid may be linked to a named scholarship and if so, we will advise you upon arrival so that you may write a letter of thanks to the donor. There may also be the opportunity to meet the donor in person while you are on campus. Financial aid is applied to your account against the cost of the program fees and is not awarded in cash. Please note that if you have secured your own support through an external funding agency, The Banff Centre reserves the right to review and potentially reduce the amount of financial aid you will receive through The Banff Centre.

We recommend that you review the Artist information page online at www.banffcentre.ca/artist-information. There you will find information regarding your attendance at Banff Centre.

We look forward to your time with us in Banff and to your early response to this letter.

Sincerely,

STEPHANIE TURNER
Participant Registration Coordinator
